COMPANY PROFILE

At OMEGA SCAFFOLDING SUPPLY INC. We provide a full range of scaffold and sidewalk bridge sales, engineering, and special services. We work with the top manufacturers to provide the best possible equipment for your job site at competitive prices.

OMEGA SCAFFOLDING SUPPLY'S business model is based on quality products at the lowest prices; we are committed to 100% customer satisfaction through providing the highest quality products and superior services at the lowest possible price.

In our mind, "The Customer is always right"

We always put customers needs first and keep our promises. We accomplish this goal through adequate inventories and dedicated employees.

Because we know you can't always take it with you, Omega Scaffolding can arrange delivery to your home or work site six days a week. We can unload your material quickly and safely.

Whether you're a do-it yourself or a professional contractor, Omega Scaffolding building supply store has the right tool to get the job done! We offer a wide selection of top-quality, brand-name tools. Our tools are well maintained and ready to use, and our knowledgeable associates will show you how to operate them professionally for the best result.

Quality

The most important part of our manufacturing process is quality control procedures, which are followed through all production stages to ensure a safe and dependable product.

Safety

In our ongoing effort to provide safety, OMEGA is certified to teach scaffolding industry association classes in user hazard awareness, and CPT (competent person training) also the scaffold training, is a long term multilevel training class that takes a layperson all the way to a journeyman scaffold erector.

We wish you continued success in your business. Thank you for your contribution to our success, by giving us the opportunity to serve you. We appreciate your business.

Efficiency

Omega scaffolding is a family owned business. Establishing ourselves in the sales business in the eastern US, Omega brings a very knowledgeable owner with 20 plus years of experience as a user of the scaffolding products into the manufacturing business and we know all of the concerns that a scaffold Dealer or Contractor has to deal with:-

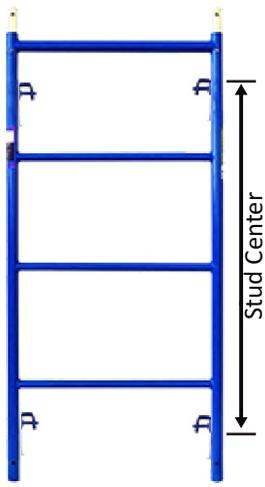

- (a) Your Customer's Demands
- (b) Quality of Products
- (c) Competitiveness
- (d) Relationships.

Over the years we have built solid long lasting relationships that continue with every new account that comes to Omega. as a standing member of the scaffold industry association (SIA), Omega continues to be a leader in the scaffold industry.

Commitment

While offering competitive prices, Omega Stocks large inventories of scaffold and scaffold accessories also planks at various warehouse locations throughout the United States. In today's demand for equipment we stock for immediate delivery, to better ensure and expedite our freight, we own and operate our vehicles. This enables us to limit your freight expenses and expedite deliveries, so with lower freight cost and on time deliveries Omega saves you time and money. Committed to continuous product development of the highest quality.
